Subject: Clear the Bench (Issue Committee)

Good Morning,

Just wanted to let you know that after Kris's work with Mr. Arnold and the discussion entered into in our internal policy meeting I have proceeded to accept the registration of the committee named Clear the Bench. They originally submitted their registration on April 28, 2009 and indicated that they were a political committee. It was declined because at the time we felt that their committee's purpose of "Judicial Retention" was both too vague and also would classify them as an issue committee.

After much discussion our initial thought that they should register as an issue committee was agreed upon. Due to the facts that they did with good conscience try to register on April 28, 2009 and the time it took us to reach our decision we are granting them their original registration date of April 28, 2009.

There are two screen shots below. The first showing that the committee is now registered as an issue committee and that their file date is April 28, 2009 and the second one showing that all their previous documents are now tied to their committee registration number that was accepted today.

Thank you
marc
